Product Overview:

This ultra moisturizing, plant-based cream has been designed to protect, rehydrate and restore dry, irritated skin. Enriched with a rich and creamy blend of **shea butter**, **tucuma butter**, and **coconut oil**, it has a silky consistency that disappears into the skin for immediate rejuvenation.

Key Ingredients:

Tucuma Butter is unusually rich in lauric, myristic and oleic acids; it is thus considered to have excellent emollient and skin-softening properties.

Lavender Essential Oil is rich in linalool and highly restorative and well-known for its anti-inflammatory properties and soothing effects. When used in aromatherapy, this mild sedative is reputed to reduce stress by relaxing the brain waves, which is also said to reduce cortisol levels that contribute to the stress hormone.

Geranium is thought to have antibacterial, antioxidant and anti-inflammatory properties and has been used for centuries to combat stress, anxiety and pain.
